EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with the applicants' representative, Mr. Ian Burns, on November 8, 2005.

The application has been amended as follows:

Claims 9-40 have been canceled.

Reasons for Allowance

The applicants' arguments filed June 13, 2005 and the Examiner's Amendment herein have overcome the rejection set forth in the Office action sent September 15, 2004.

The following is an examiner's statement of reasons for allowance:

While the cited reference of Olsen (6,217,448) teaches a controller-based linked gaming machine bonus system wherein eligible gaming machines are determined at the time the bonus time period starts, once the bonus mode time period starts, a portion of the eligible gaming machines are randomly selected for multiple jackpot bonus payoff opportunities; and the cited reference of Miyamoto et al. (5,951,009) teaches a game apparatus having a plurality of playing positions and a common display; **Olsen and/or Miyamoto et al., alone or in combination, does not anticipate or make obvious the**

applicant's claimed limitations of a video gaming system (as per claim 1) comprising a plurality of gaming devices, each gaming device being adapted to play a wagering game, each gaming device being further adapted to select a multi-screen presentation and transmit a request for a multi-screen presentation; and a plurality of video display controllers, each video display controller being in communication with a gaming device, a video display, and other video display controllers, each video display being adapted to receive requests for multi-screen presentations from the gaming device with which it is in communication, the plurality of video display controllers being adapted to coordinate multi-screen presentations among the video display controllers, each video display controller being adapted to operate the video display with which it is in communication to present a portion of a multi-screen presentation, in combination with other presented limitations.

Claims 1-8, therefore, are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
